To Whom It May Concern:

This letter is in regard to your recent inquiry for a Safety Data Sheet (SDS, formerly MSDS) for one or more of our commercial or developmental products.

The products listed above are considered “articles” as defined by 29 CFR 1910-1200, and as such are not classified as hazardous materials. An article is a manufactured item which:

1. is formed to a specific shape or design during manufacture; 2. which has end use function(s) dependent in whole or in part upon its shape or design during end use; and 3. which does not release a hazardous chemical under normal conditions of use.

Normal conditions of use for this product do not require the material to be handled, cut, or burned in any manner that could result in potential exposure to hazardous chemicals. As a result, the manufacture does not produce or supply Safety Data Sheets for this product. However, if you have a specific concern regarding our products, we will do our best to provide the needed information.
